# Universal Box
# Flush Mounting Template

**Larco**®

The power of control. Automated.
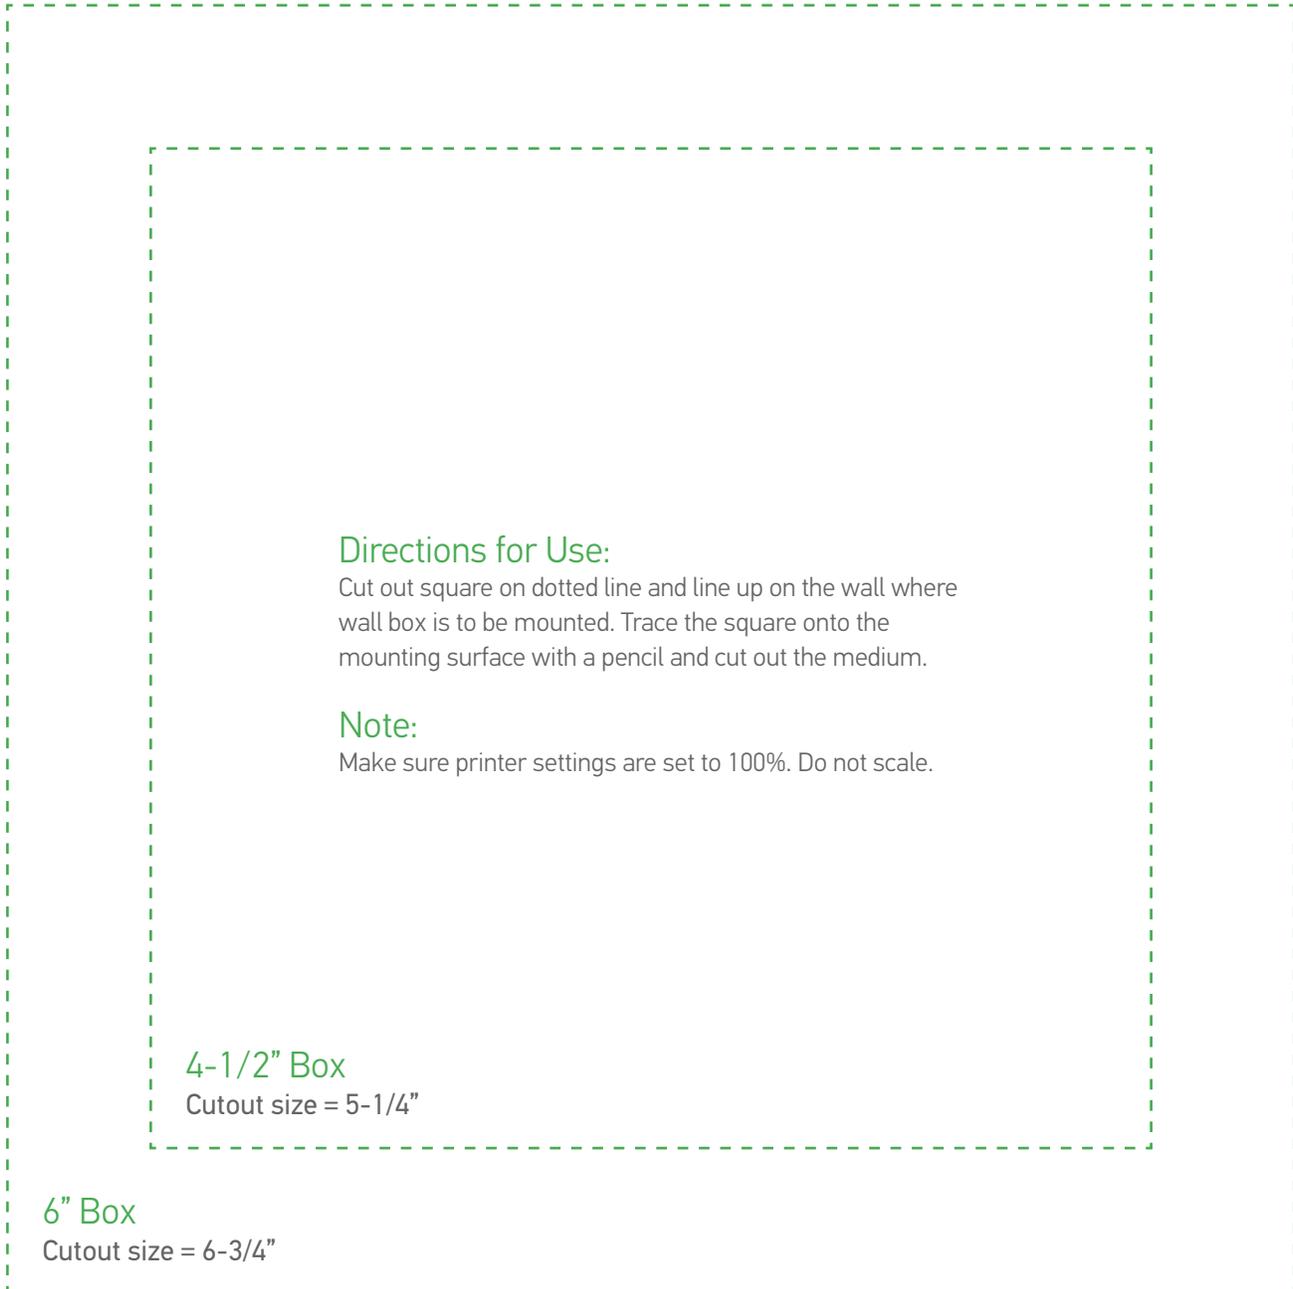

### Directions for Use:
Cut out square on dotted line and line up on the wall where wall box is to be mounted. Trace the square onto the mounting surface with a pencil and cut out the medium.

### Note:
Make sure printer settings are set to 100%. Do not scale.

### 4-1/2" Box
Cutout size = 5-1/4"

### 6" Box
Cutout size = 6-3/4"
