

Revolving Door Mat Products

The power of control. **Automated.**

Larco revolving door products offer the most reliable automatic door control method on the market. Larco mats operate in extreme environmental conditions, regardless of weather and provide positive control and are designed to sense anyone regardless of age, size, or disability. Available in a wide variety of colors, surface styles, shapes and sizes, there is a Larco mat to suit your exact needs.

The Larco molding process eliminates installation difficulties by allowing customer-specified cord placements. This include placement near mat corners to take advantage of manufactures' wiring channels. The large mold allows the ability to provide consistent rib patterns for a single door installation and make Larco revolving door mat installations even more attractive.

The 48" x 72" molds provide the opportunity to accommodate doors up to 8' in diameter with only four 90° pieces. The molding process ensures a hermetic seal to prevent water or other liquids from leaking into the mat. Enjoy years of trouble-free and maintenance-free service.

Features and Benefits

- Enhanced molding process enable customer-specified cord placements
- Molds enable consistent rib patterns
- Wide variety of colors, shapes and sizes
- Up to 8' diameter with only four 90° pieces

Get a Quote Today!

For a quote on any Larco revolving door mat product, simply complete the diagrams below with door's dimensions and we'll prepare a quote, including drawings.

In addition to specifying the dimensions listed for each drawing, please specify cord placement, surface style, color and any other custom features, including monograms.

Dual zones can also be specified for any of Larco revolving door mat product. Indicate on the drawings below where to place the zone, the approximate size of the zone (12" x 12" is standard), and any special logos (i.e. footprints) to be used to indicate the special activation zone on the mat.

Upon completion of specifications, contact Larco at 800-523-6996 or email cct@larco.com and we will prepare a customized quote with drawings.
