

# Stainless Steel Guide Rails

## When Protection and Safety Matter

Larco offers a complete line of stainless steel guide rails. Available in a variety of finishes and sizes, stainless steel guide rails offer added protection and stability for automatic door installations. Required for ANSI compliance in most swing door and folding door applications, guide rails prevent accidents by directing traffic flow and provide a point of stability for pedestrians entering or exiting a building.

### Features and Benefits

- Stainless steel construction
- Surface or in-ground mounting
- Panel inserts available upon request
- Protective rubber bumpers are available to prevent damage
- Meets ANSI standards
- Easy to install

## TECHNICAL SPECIFICATIONS

Stainless Steel	Type 304
Outside Diameter	1.90"
Wall	1/16"
Polish:	#8 Polish (Mirror); #4 Polish (Satin)
